AND MARBLE

SEALING, CLEANING & CARE

CITAL NATURAL STONE SEALING, CLEANING AND CARE

Cital™ recommends properly protecting your natural stone and marble products, as well as implementing a regular care and maintenance program. Below are suggestions and recommendations for keeping your natural stone and marble looking it's best and ensuring an extended lifespan.

SEALING NATURAL STONE AND MARBLE

Akemi® Nano Effect Sealer and Stain Repellent

Solution: Protection from oil and water based staining compounds.

AKEMI Stain Repellent Nano-Effect is a ready to use weather resistant and non-yellowing impregnation based on high-quality organic active substances. The product is absorbed from the stone due to the capillary forces, however, without closing the pores. The product shows the following properties:

- Certified Food Safe - For all food contact areas Protection within a short period of time
 - No or very slight color deepening effect
 - Very good oil- and grease repellent effect
 - Very good reduction of water and dirt absorption during periods of moisture
 - Rapid liberation of humidity during dry periods due to high vapor diffusibility
 - After being hardened, the product is harmless to health upon contact with food product
-

CLEANING NATURAL STONE AND MARBLE
